The Allcare Medical Supply Radio Hour on WCRN 830AM will be moving to Monday's every week at 1pm. The Allcare Medical Supply Radio Hour is hosted by Bill Fredericks and features topics facing those caring for disabled loved ones at home as well as consumers. Please call in with questions at 508-438-0965.

ALLCARE MEDICAL SUPPLY RADIO HOUR, MONDAY'S AT 1PM ON WCRN 830AM

The Allcare Medical Supply Radio Hour is moving to Monday's!

Millbury, MA June 13, 2011 Bill Fredericks has been hosting the Allcare Medical Supply Radio Hour on WCRN 830AM for the past few months on Sunday mornings. Recently the station asked if he'd like to move to Monday's at 1pm. Starting today, you can listen live every Monday at 1pm to the show. You can also call in with questions or comments at 508-438-0965.

We've had some excellent guests on the show so far ranging from Autism advocacy groups to Allcare Staff member Jolene Haack speaking about insurance processes to Bill's own son speaking about helping to care for his grandmother at home. We're open to ideas for topics on the show and Bill would love to hear your questions and/or comments, so please feel free to call in!

Upcoming shows will include an introduction to the company, Allcare Medical Supply and what we do here, as well as expert guests to discuss remodeling your home in order to accommodate changing medical needs. We're also happy to host guest David Ball of Ball Consulting Group to discuss the impact that public support, through media and external relations, can have on regulatory and policy changes related to the healthcare industry.

Please be sure to tune in Monday's at 1pm on WCRN 830AM. You can also listen live on-line at <http://www.wcrnradio.com/>
